

*Remote Tuning Build Sheet: BMW*

Please complete this form , SAVE IT, then upload it with your order so we can properly build your tune. Empty fields or incorrect information may result in a delay or our inability to create your tune. By completing this tune build sheet you understand and agree to Tuning Tech FS' Terms and Conditions. Please remember that tuning DOES NOT fix mechanical problems. Your vehicle must be in proper operating condition before installing your tune and installation instructions must be followed accordingly.

Describe any mechanical issues your vehicle is having:	
<b>TUNE MODIFICATIONS</b> Select your applicable options	
<p><b>Alpha N:</b>    Yes    No    N/A Alpha N: This feature only applies to the E46 M3, E39 &amp; E60 M5. Only applicable to Alpha N tunes purchases through the site.</p> <p><b>M Mode/Sport Button Memory:</b>    Yes    No The button always stays on once it is engaged, until is manually turned off again (even after you start the car).</p> <p><b>Remove Top Speed Limiter:</b>    Yes    No</p> <p><b>Vehicle Rev Limiter Increase:</b>    Yes    No    Increase in all gears the same</p> <p><b>Increase rev limit in the following Gear more than others:</b></p> <p><b>Dyno Mode:</b>    Yes    No</p> <p><b>Secondary Air Pump Mode:</b>    Yes    No Turns off the Pump that flows air down the exhaust for a few minutes on a cold start up.</p> <p><b>Cold Start Delete:</b>    Yes    No This feature is used to warm up the catalytic converters during cold start and will allow the car to be quieter (more neighbor friendly-especially in the early AM hours).</p> <p><b>Rear O2 Off no Check Engine Light:</b>    Yes    No (Off Road Only) This does not mean you will pass emission or Inspection. It will simply turn off the light on your dashboard. You will need catalytic converters to pass emissions. See your state requirement if you are cat-less.</p>	
<b>MODIFICATIONS FOR E46 M3 ONLY</b>	
<p><b>E46 M3 Manual Shift Lights:</b>    Yes    No    N/A</p> <p><b>E46 M3 Launch Control:</b>    Yes    No    N/A These options will assist the hardcore enthusiasts in launching their car at the drag strip.</p> <p><b>ALL E46 CUSTOMERS YOU MUST SUBMIT AN <u>ECU READ</u> AND LICENSE FILES FOR <u>PROTUNER</u> &amp; <u>PROLOGGER</u>. THIS IS A TOTAL OF 3 FILES THAT NEED TO BE SUBMITTED OR IT WILL SLOW DOWN YOUR REMOTE TUNING PROCESS. IF YOU ARE NOT SURE WHAT THAT MEANS PLEASE REVIEW THE INSTALLATION INSTRUCTIONS OR <a href="#">CONTACT US!</a></b></p>
